

Action-Packed 'Arena' On STEAM™ Offers Multiplayer Deathmatch With Drones

Arena is a fast multiplayer indie drone fighting game from **SurrealVR Game Studios**. You customize your avatar, drone and weapons to challenge other players in Deathmatch and team Deathmatch competitions in exotic arenas.

Arena is a game from the creators of Drone Fighters. Although it's a very different kind of game, you'll use the same drone and avatar if you play both games as those are automatically synched. Just like Drone Fighters, **Arena** also supports cross platform play between non-VR PC, Vive and Oculus players.

There are 2 types of competitions in the **Early Access** version, Deathmatch and Team Deathmatch. We will be adding new modes with upcoming patches. Game controls are tuned to the platform, and we've tried to make it fun whatever your device of choice to play **Arena**.

As with all **SurrealVR** powered games, you can customize your drone and avatar in great detail, and use the same configuration for all other **SurrealVR** titles.
