

Become The Head Of State And Tackle Political Conflicts In 'Power & Revolution', The Latest Chapter To Geopolitical Simulator On Mac® OS
Leadership Skills Required To Resolve Middle East Conflicts!

San Francisco, CA, January 27th 2017: Indie game developer and simulation-specialist [Eversim](#) is proud to announce the Mac® OS release of **Power & Revolution**, the latest chapter to the popular geopolitical simulator, previously available exclusively on PC.

View the game trailer [here](#).

Power & Revolution is an advanced simulator challenging you to become a Head of State in one of several countries of your choice and extend your influence on the world, or play as a legal or illegal opposition leader and get ready for the conquest to power! The game incorporates current geopolitical and economic data, as well as about 20+ playable scenarios related to ongoing conflicts in countries such as Syria, Iraq, Libya, Ukraine and Nigeria. Prove your skills as leader on a mission to resolve simulated conflicts using a variety of different strategies. How do you respond to urban conflicts, riots, revolts and guerilla tactics? A complete list of game features is available [here](#).

Simulation games produced by [Eversim](#) is used by several well-known organizations, including NATO, as a training and teaching tool for politics and diplomacy, as well as for simulating a real-life crisis. Check out this cool [video](#) demoing a unique NATO version of the game produced to train future diplomats within a simulation session of a geopolitical crisis.

Journalists interested in further information or review code for Mac OS are welcome to contact [GAME PROMOTER™](#) by sending an email to press@gamepromoter.biz.
