The guys at Ezone have created the best fidget spinner simulator available for iOS® and Android™. These spinners are just like the real thing with eye-popping 3D visuals and lighting, real sounds sampled from actual fidget spinners, and accurate real-time physics. Touch and turn, swipe them, or rapid tap the center to reach maximum spin speed.

Activate the Augmented Reality view to see the spinners come alive in your world. Tilt to adjust the view and line-up the perfect photo, or grab your Google® Cardboard viewer and go into Virtual Reality to zoom in and examine your spinner from every angle.

Journey of Secrets is not just a simulator, it's also an idle/clicker game. Each spinner within the game has a target number of spins: reach it to unlock the next. As you unlock each spinner more clues will be revealed to help you discover the true purpose of these intriguing devices. Do you have what it takes to discover all their secrets?

If you like idle/incremental/clicker games with amazing 3D graphics, accurate physics, and an overarching discoverable storyline, this is a must-have download. What will you
