

Be Quick To Connect Islands In Feature-Packed Endless Road Builder 'Hardway' Now Available On iOS® & Android™

Drive While Building Roads The “Hard Way”

San Francisco, CA, March 22nd 2017: Indie mobile games developer **Digital Melody Games** is proud to announce their latest mobile game **Hardway** has launched on the iOS® and Google Play™ digital app stores. **Hardway: Endless Road Builder** is a feature-rich endless road builder challenging you to connect islands using roads and bridges in a fun and fast-paced gameplay experience.

Launch trailer: <https://www.youtube.com/watch?v=vWFytYxGUA8>

Hardway has quickly become a fan-favorite exceeding one million downloads following a popular feature on the app store. Your task is to create roads for your vehicle as you speed down the path exploring unique worlds fun of obstacles such as towers, cranes, moving islands, lighthouses and even monsters. How far car you go?

Hardway allows you to build the scene from either left- or right- and includes more than 8 different worlds and bonus stages. 30+ cars are available to unlock and 3D touch support allows for higher scores by slowing down by pressing harder. Game Center & social integration is provided and lovely stamps are included for car challenges. Free gifts and daily rewards add to the fun and iCloud is supported on iOS®.

Hardway is available as a freemium download and suitable to players of all ages and experience levels seeking a great arcade experience full of fun and features. Download your copy today!

About

Polish-based Digital Melody Games is a small indie developer founded by group of friends with the ultimate goal of creating the most playable games in the world. Focusing on the mobile games market, the team is recognized for previous releases, such as Timberman, Surfingers and Fly O'Clock amongst others. Simple, innovative gameplay and unlimited fun is the studio motto.
