

Dating Game Simulator 'Vampire Idol' Designed For Women Launches Worldwide On Android™

Korea, May 1st 2017: **Avocado Entertainment**, a leading publisher of casual games for women worldwide is proud to announce the official release of **Vampire Idol**, a dating game targeting and designed for women. Following a female main character, who is hired as a manager by the most prominent entertainment company in the city - Two Cat Entertainment - **Vampire Idol** kicks off by requiring the main character to manage a rising idol group, "Vampir".

Teaser Video: <https://youtu.be/AIAf2PhqFpk>

As the character strives to establish herself as a formidable manager in the operation, she discovers that members of this Vampir group are indeed vampires. She begins to learn more about their lives, wants, and needs, and they begin to grow closer together.

"This is a vampire romance mobile game that is going to be appealing to any kind of working woman today", said SJ Kim, Founder and CEO of **Avocado Entertainment**. *"It follows the life of a professionally respected women, and how she decides to handle becoming close with devilishly handsome vampires".*

Players will experience sweet, somewhat risky, romances with five members of the Vampir group, one by one. Players will also create unique endings to the story by making different choices in dating situation throughout the game.

Vampire Idol is comprised of more than 30 pages of elaborate and beautiful illustrations. It is designed to truly move the hearts of female users, incorporating full voice effects
